## Third Party Website Consent

Dear Parent/Carer,

The use of web based educational resources has risen steadily over the last decade and are increasingly being used by teachers across Queensland to improve student learning outcomes. Our school and teachers make decisions about the best technology to meet the needs of our students. Sometimes it is beneficial for students to utilise services provided by third party web based providers.

Boyne Island State School wishes to utilise the third party web based service provider/s listed below to aid students learning. For your student to use the service the teacher will need to register them as a user. Registering with these providers requires student personal information to be disclosed to the provider of the service. In the case of the services outlined below they are private companies that are hosted both within and outside of Australia. Outside of Australia means that data that is entered to register for these sites will be stored on servers that are not based in Australia and therefore are not bound by Queensland's privacy laws.

### **We need your permission for the registration and use of these sites by your student.**

Before you complete this consent form it is important that you understand the reasons that this website collects this information, what will be done with it, who else may have access to it and where the data is stored. This information can be found in the hyperlinks below. Please read these and ensure that you understand the implications of using this service before giving your consent. If you have any queries around the storage of student's information, please feel free to contact Mr Michael Hurst, Principal.

Attached to this letter are the third party web based service providers that we use. Not all classes will access every program.

Please complete and return the consent form to ensure that we can set up the appropriate arrangements for your child and their learning.

Yours in Education

Michael Hurst
